Subject: Re: Items For 0900 Meeting Today

Good morning gentlemen.

We're working on reviewing the HASP and developing JHAs for the Bravo container recovery pad that is being established today at 2215 Dorsett ST, Houston, TX 77029. I visited the site with Bill Rhotenberry and the ERRS Removal Manager yesterday to assess the hazards present. Will be doing a similar safety analysis for the vessel recovery piece at some point too.

Lots of driving around by the teams down here, but no safety incidents to report this AM.

Thanks for handling the outfitting of inbound personnel for medical and equipment. Have not had anyone follow up with requests for PPE this AM, so I think/assume we're okay.

Good morning gents and hope all is going well with you two!

Any items you two would like me to bring up at the 0900 meeting?

Thanks and take care!
